# “LUNCȘOARA OF BIHOR COUNTY” ASSOCIATION

OUR TOP 3 PROJECTS

# LUNCȘOARA BIHORULUI

Association

- ▶ We are a non profit organization, located in the western side of Romania, in Luncsoara village, from the county of Bihor.
- ▶ Over the years, we have dedicated our time, resources and passion to the help of the local community and especially in providing the basic things needed for the healthy growing and development of the children, because in their eyes we see our future.
- ▶ We run our activities in Luncsoara, a small but beautiful village, with simple people who like to help each other. Our aim is to help them all.
- ▶ Here are our top 3 projects:

# 1. A fieldtrip to the Izbuc Monastery

- ▶ The project took place in 2015.
- ▶ It's aim was to offer the children coming from families with straitened economic circumstances the chance to spend two days in a serene environment, while discovering their spirituality.
- ▶ The trip lasted for two days and there were 44 pupils involved.
- ▶ The budget of this project was 3000 lei (800 euros).

## 2. A course of initiation in the craftsmanship of carpentry for young people

- ▶ Because we have noticed a significant dropdown of craftsmen in our community, we organized a training course regarding the initiation in carpentry of young men from the village.
- ▶ It's aim was to offer the youngsters without superior studies a chance to earn their living.
- ▶ The course took place in 2016, in Luncsoara and it had 29 participants.
- ▶ The budget of the project was provided by our sponsors.
- ▶ At the end of the course, graduation certificates were given to all 29 participants.

# 3. Helping the elders and the poor people with food and clothing

- ▶ This project took place in December 2017 and it was a success due to the large number of people involved. Our organization gathered donations consisting of food and clothing from community members that wanted to bring joy in the houses of the poor people before Christmas.
- ▶ The hundreds of kilograms of provisions collected were delivered to approximately 80 persons with the help of West Alpine Off Road team, who provided us their off road trucks. Because of the fact that the roads were in a very bad condition, we couldn't have done it without their help.
- ▶ The event took place in Bihor county, in December 2017. The budget was represented by the donations of the generous people of the community. The other partner who helped us was Ford Carbenta Com. The means of transportation was provided by the guys from the West Alpine Off Road team.

Here we are, preparing for the road.

**This is the president of the organization, Mr. Adrian Botici, arrived at the poor families.**

Here we are, sharing food and clothes.

The road was tough. We even got stuck in the mud.

But it worth the effort, when we saw the joy in the eyes of the children.

LUNCȘOARA BIHORULUI  
Association

- ▶ This is us. A small organization, made of generous and passionate people.
- ▶ Our aim is to be part of our community and to make a difference.
